STRIPY MINI

nomad stitches

Stripy Mini is the baby of the Stripy Pullover Family - it is a fun and versatile jumper, perfect for the little ones we love. Worked top-down, the highly elastic neckline and short rows adjust to neck and shoulders, while the compound raglan shaping creates a yoke that flatters every body and that is highly functional. The pullover can be made to desired length and the sleeves are loose and comfortable for playing arms. The thin striping throughout allows for an opportunity to be playful with color and stash bust, while creating a classic garment that belongs in everyone's wardrobe. The pattern includes size-specific progress tables that make crocheting this jumper a breeze!

MODS

I shortened the sleeves to make sure my colors lined up. I used a 3.5 hook and 4 hook for ribbing.

COMMENTS

The body was too short for my son. Since the stripes are hard to get exact, I should've added one more stripe cycle. I measured it on my toddler, but i thought the ribbing would be enough. I may undo it and add one more group of 6 and redo the ribbing so my son can wear it longer.

MODS

I made it slightly shorter as my little girl is petite, so finished the body on a MC not a CC row. It fits her perfectly though and still has some growing room. She is 22 months old now.

COMMENTS

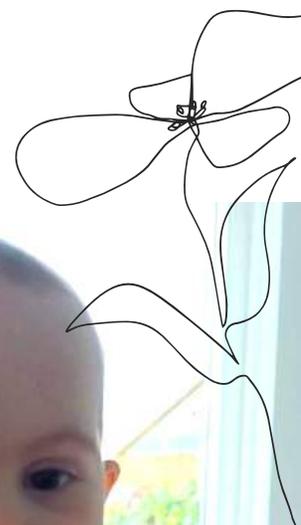

The pattern was easy to follow. I found I accidentally caught both loops on some of the dcFLO rows but - once I realised - I made sure I was extra careful from then on, and was able to go back and "duplicate stitch" over the errors to "fix" them.

MODS

No mods. I could have made the sleeves shorter, but my niece is only 2.5 and wears a larger size, so I am thinking that might explain why the sleeves were a bit long on her.

COMMENTS

I used a 3.5 mm hook. It is an easy to read and follow pattern! Definitely plan to make an adult size for myself!

MODS

Added 3 more rnds to the yoke and 6 more rnds to the body than the suggested lenght.

COMMENTS

The instructions are very clear and easy. Perfect fit and look. I love how the short rows worked in the back. .. PS: I guess that was a mistake to add more rnds to the yoke and I didn't need them. After the blocking everything worked out fine, your suggested length for the yoke is perfect.

MODS

I made the sleeves a bit shorter as my son is petite but I didn't make the body length shorter because he likes wearing long pieces of garments.

COMMENTS

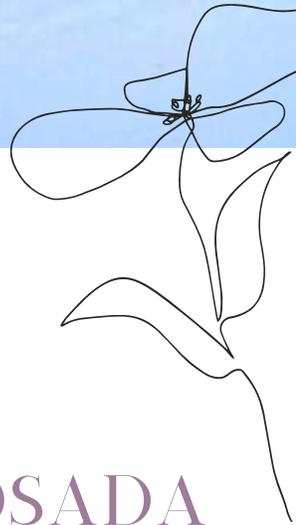

I think the fit is perfect and it's very comfortable to wear. The progress table and the photos are very useful. the instructions are clear and easy to follow. It was a bit difficult to get the gauge swatch at first (I had to use a 2.5mm hook and 3.00 for the ribbins)
